The Mineral King Film Committee in association with the University of Southern California, Division of Cinema will present a new documentary film concerning the Mineral King National Game Refuge. For six years Mineral King has frequently appeared in the news. Walt Disney Productions and the U.S. Forest Service have sought to develop the area as a high density all-year recreation complex. They have been opposed in this effort by conservation organizations, and most prominently the Sierra Club.

The Mineral King documentary is a timely investigation of this struggle. The film premieres Saturday, January 22 at 8:30 P.M. in Bovard Auditorium on the U.S.C. campus. Admission is free!!

The screening is preceded by a banquet at 7:00 P.M. in Town & Gown on the U.S.C. campus. Attendance is \$5.00 per person. For reservations and additional information please call 645-0721.

Join us at U.S.C. for an exciting and informative evening. Saturday, January 22, 1972.
